Show-N-Tell @ 7:15 pm  
Meeting @ 7:30 pm**

**A great big thank you to Ron and Linda Lang for their presentation Of making floral arrangements from mini's to huge. Even those who were sort of backing away from making an arrangement were soon engrossed in making something spectacular. What a great meeting and thank you all for showing up at the new location.**

**Spring time brings about the question of "what are those mini spots on the leaves" "what is eating away at my flowers" "what is that white fungus stuff". Well we have a presentation for you for the next meeting.**

**"Virus and Pests" will be the next topic for our members to familiarize themselves with these parasites. As it is time to start re-potting again it is a good time for a refresher class of what some of the common pests look like and the damage they can do to the plants and flowers. Our own Nessa Rosenbaum will be the narrator for this program.**

**How do you like the new place we are meeting at? We have a few guidelines to follow which are pretty basic. We won't be able to imbibe in our special alcoholic beverage at the December/June pot luck anymore. Just one of the rules and of course, we should leave the room as neat and tidy as when we found it.**

**Thanks to all who opened up their homes and greenhouses for the greenhouse tour. It was a lot of work and a special thank you to Micaela who also hosted the luncheon at her house. This was a great way to see how others grow their award winning orchids – Gene and Sandy Collins, Jamie and Doreen Stewart, Micaela Solis and Dann Dunst who also shared his love of raising birds with us. What a collection. The tour wound up at the Spring Show at Norman's Orchids. Hope all of you had a great time and will looking forward to the next scheduled one in about two years.**
