November will continue with "Orchids 101". After identifying the most common of the orchids we grow, the series continues with re-potting and what to look for when re-potting. This program will last approximately 40 minutes so plenty of time for Show-N-Tell and to hear the results.

A big thank you to Micaela Solis, Linda Lang and Ron Lang for spending so much time on Friday at the Gubler Orchid Show set up. They did a fantastic job of making the society look great. On Saturday other members showed up to do judging and put the finishing touches on the display. It looked wonderful. Thank you to all who participated in this event, it really helps the society.
